Concept: VCV and VCCV patterns

Smack Down!

Type: Card Game
   2 players

Object: For one player to win all of the cards

Set-Up: 1 set of game cards (per partnership)

Playing: Like Slap Jack.

All the cards are dealt to the players. Players do not look at their cards. Each player simultaneously turns a card face up and places it in a common pile in the center of the table. When two words that share a pattern (VCV vowel/consonant/vowel or VCCV vowel/consonant/consonant/vowel) are turned over, the first player to slap the pile takes all the cards in the common pile and adds them to the bottom of his or her pile.

Turning cards and slapping must be done with the same hand.

A player who slaps the common pile when there are not two similar cards must give both cards to the other player.

Play continues until one player has all the cards. If time runs out, the winner is the player with the most cards.
